

CARD UPLOAD FEATURE WALK-THROUGH

AMARNATH CHANDANA

9-DEC-2020

AGENDA

- Purpose
- Design
- Development and Code walk-through
- Feature Snapshot
- Documentation
- Queries

PURPOSE

- Smart world
- Going digital
- Feature purpose

DESIGN

The design discussions majorly revolved around the following,

- Frontend
 - ✓ Upload Functionality
 - ✓ UX mockups
 - ✓ Components to build/reuse
 - ✓ Upload limitations
 - ✓ Card size limit
 - ✓ Handling of exception scenarios (like save/delete/update failures)
 - ✓ Internationalization
 - ✓ Analytics
 - ✓ Monitoring errors in Production
- Backend
 - ✓ API Design
 - ✓ Storage & Schema

DEVELOPMENT & CODE

- [Design Systems - Style Guide](#)
- Components Code walk-through [[github](#)]
- Reusable Components
- BEM standard
- Enhanced Performance
- Accessibility
- Responsive design
- Unit tests
