

# CARD UPLOAD FEATURE WALK-THROUGH

AMARNATH CHANDANA

9-DEC-2020

# AGENDA

- Purpose
- Design
- Development and Code walk-through
- Feature Snapshot
- Documentation
- Queries

# PURPOSE

- Smart world
- Going digital
- Feature purpose

# DESIGN

The design discussions majorly revolved around the following,

- Timelines
- Frontend
  - ✓ Upload Functionality (Authorization, Upload, Fetch, Update, Delete)
  - ✓ UX mockups
  - ✓ Components to build/reuse
  - ✓ Upload limitations (Count, Image Size, Authorization)
  - ✓ Handling of exception scenarios (like Save/Delete/Replace failures)
  - ✓ Internationalization
  - ✓ Analytics
  - ✓ Monitoring errors in Production
- Backend
  - ✓ API Design
  - ✓ Storage & Schema

# DEVELOPMENT & CODE

- Design Systems - Style Guide
- Components Code walk-through [[github](#)]
- Reusable Components
- BEM standard
- Enhanced Performance
- HTML Accessibility
- Responsive design
- Unit tests
